February 27, 2007

Dear Parent:

This letter is to let you know that the Osceola County School District is, under Federal law, a district in corrective action. What this means is that Osceola County School District, together with 66 other Florida school districts, did not meet all of the requirements of the No Child Left Behind Act.

Osceola County School District met 74 percent of its criteria.

The Florida Department of Education is requiring that Osceola County School District move some of its funds from administration to the classroom to help specific groups of students to improve. Osceola County School District has chosen to purchase the FCAT Test Maker software program to increase student proficiency in reading and math.

These new services are in addition to any tutoring or school choices you have already been offered.

Thank you for working with us to improve student achievement for your child(ren).

Sincerely,

Mr. Blaine A. Muse
Superintendent
